Quick Start Guide

This quick guide is intended to provide a brief overview of the main features and operation of PIPETGIRL. For detailed information, please refer to the Operating Instructions of PIPETBOY acu 2 that can be found at www.integra-biosciences.com in several languages. PIPETGIRL is a special model of PIPETBOY acu 2.

Battery Charge

Charge the Li-ion battery completely before first use.

Only use the original Li-ion battery for PIPETGIRL/PIPETBOY acu 2 (part no. 155 066)!

The NiMH battery for PIPETBOY acu is not compatible.
The supply voltage must meet the requirements of the mains adapter: 100-240 VAC, 50/60 Hz.

GENERAL INFORMATION

PIPETGIRL

Intended Use

PIPETGIRL is a pipette controller designed for aspirating and dispensing aqueous solutions with plastic or glass pipettes in a volume range of 1 to 100 ml. It is intended for measurement, control and laboratory use. Any use of this instrument in a medical or IVD setting is the responsibility of the user.

Safety Notes

1) Do not use or charge PIPETGIRL in an atmosphere with danger of explosion. Do not pipette highly flammable liquids such as acetone or ether.
2) Comply with the material safety data sheet (MSDS) and with all safety guidelines when handling dangerous substances. Use protective clothing and safety goggles. Never point a pipette in anyone’s direction.
3) Avoid pipetting of liquids whose vapours could attack the materials PA (polyamide), POM (polyoxymethylene), FPM (fluor-rubber), NBR (nitrile-rubber), CR (chloroprene) and silicone. Corrosive vapours could also damage metallic parts inside the device.
4) Use an original INTEGRA Biosciences mains adapter only. Protect it from moisture otherwise PIPETGIRL might be damaged.

Regardless of the listed safety notes, additionally applicable regulations and guidelines of trade associations, health authorities, trade supervisory offices, etc. must be observed.

Warranty

PIPETGIRL and PIPETBOY pipette controllers are designed and manufactured following high standards in quality and durability. They are warranted for a period of 12 months.

To benefit from a 3 year extended warranty, register your PIPETGIRL on www.pipetboy.info or www.integra-biosciences.com and click on Warranty registration. Your warranty extension will be activated after online submission of the registration form.

Equipment Disposal

PIPETGIRL device must not be disposed of with unsorted municipal waste. Dispose of PIPETGIRL and the battery separately in accordance with the laws and regulations in your area governing disposal of devices.
