

WELLJET - WELL DONE!

Maximize the productivity of your reagent dispensing applications at the most efficient and affordable price

30% DISCOUNT ON WELLJET
AND WELLJET STACKER

Features and benefits

- Ease of use and flexibility for applications that require fast and precise bulk reagent dispensing, while saving valuable bench space.
- Represents a technological breakthrough in bulk reagent dispensing, thanks to its pioneering EasySnap™ dispensing cassettes.
 - EasySnap cassettes are affordable, and easy to insert and remove from the unit without requiring (re-)calibration.
- The only independent base unit and stacker unit on the market! Eliminates expensive and difficult integration steps.
